SCHEDULE.

(Rule 18.)

1. Upon opium exported from Ajmere there shall be payable to the Government such duty as may from time to time be prescribed by the Governor-General in Council by notification in the *Gazette of India*. The duty prescribed under this paragraph need not be uniform for all opium exported from Ajmere but may vary with the destination of the opium or any other circumstance described in the notification.

2. The Rajputana-Malwa Railway Administration shall not receive opium for export to British India, except under a pass and in whole or half chests.

3. The amount of duty will be paid into the treasury either in cash or by *hundi*, and the treasury officer will give the person tendering payment a receipt for the amount so paid. On production of this receipt the number of chests for which duty has been paid will be admitted into the opium godown.

4. Hundis will, on being approved of by the treasury officer, be registered and numbered, and be endorsed on the reverse side with the name of the person on whom they are drawn; they will be forwarded by the treasury officer under sealed and registered cover, if the opium is for export by sea, direct to the Accountant-

General, Bombay, and, if it is not for export by sea, to the officer mentioned in the pass to whom the treasury officer may be directed to forward it. The register will be in the following form:—

(1) Number of pass.	(7) On whom drawn.
(2) Date of pass.	(8) At how many days' sight.
(3) Number of chests covered by pass.	(9) When due.
(4) Consecutive number of hundi.	(10) Amount of hundi.
(5) Date of hundi.	(11) Total amount of duty.
(6) By whom drawn.	(12) Remarks.

5. To facilitate check, passes will bear the same numbers as the hundis, and these numbers will be entered in column 1, "number of pass." The total in column "total amount of duty" will be the total for each continuation register, and will be carried forward into the next; and numbers of passes so entered in the first column will be distinctly specified in the advice sent to the Accountant-General.

6. A duplicate of this register, if the export is to be by sea, will be sent to the Collector of Customs and Opium, Bombay; or, if the export is by land, to the officer to whom the hundi has been sent under paragraph 4 of this schedule.

7. Opium intended for export by sea or for home consumption in India shall be brought to the Government godown ready packed, in chests or half-chests (as may be most convenient), by the merchants or brokers who will produce the treasury officer's certificate under his signature for cash or his receipt for hundis on stamped paper payable at sight to the Bombay General Treasury and Bank of Bombay. The Deputy or Assistant Opium Agent will carefully inspect the treasury officer's signature to the certificate, and note the serial number of the receipt to satisfy himself that the receipts are genuine. The duty on opium intended for consumption in India must be paid in cash or by approved hundis into some treasury in British India, and the receipt of the treasury officer must be produced.

8. The chests or half-chests of each party will be placed in the opium-godown and will have their covers printed and stamped, and each chest or half-chest will then be numbered consecutively in English.

9. Merchants will themselves provide and pay for porters, carpenters and men for marking the chests, and sewing up the covers of such chests as have been opened for weighment; they will also pay all expenses of conveying their chests to the railway-station and of transit thence to their destination.

10. The Collector shall annually, before the weighment of the opium of the season is begun, examine the weights and scales, and report the result of the examination to the Commissioner. No weights or scales shall be used which on any such examination have not been found to be strictly accurate.

11. It shall be the duty of the officer in charge of the scales to see that the opium is weighed fairly with an even beam; the practice of taking excess weight for the purpose of trimming the scales, or as an allowance for dryage and wastage, is strictly prohibited.

12. The Deputy or Assistant Opium Agent will select at hazard any chest he pleases (never less than two chests or half-chests out of every ten, and as many more as he thinks fit); each selected chest will then be separately opened, its contents (opium balls called *battis* or *golis*) brought to the scales, the exact weight recorded;

and from these weighments the average of the whole lot may be struck. If the weight is in excess of the 140½lb allowed by the Government in each whole chest, the surplus may be withdrawn; the object being to prevent a larger quantity than the amount allowed in a chest being exported under the pass. The officer who supervises weighment is to see that the surplus quantity of the whole of any batch is taken out of the opened chests and put aside somewhere near him under his eyes until the chests are repacked and nailed down. If the weight is under 140½lb, and the owner has spare opium to make up the deficit, he may be allowed to supply it to make up the full weight, and the chests will then be nailed down in the presence of the officer in charge of the scales. If the owner is not able to make up the deficiency, the amount deficient will be noted in the pass.

13. During the process of weighing, the chaprasis of the Opium Establishment should vigilantly watch the merchants and their servants.

14. This operation is called the "net weighment of opium," and, when completed, the boxes are nailed down and repacked; then the gross weighment of each chest or half-chest is ascertained and recorded; and the gross weight is then marked on the covers in English with the serial number of the chest, and such other particulars as may be necessary for the identification of the consignment. The chests are then ready for despatch.

15. The chests exported during one season, which begins on the 1st August, shall bear a continuous serial number.

16. Full particulars must be entered in the pass for each consignment showing:—

- | | | |
|----------------------------|---|---|
| ON THE FIRST SIDE OF PASS. | { | 1. Number of pass. |
| | | 2. Name of the owner of chest. |
| | | 3. Number of chest. |

| | | 9. Date of pass. |

| ON THE SECOND SIDE. | { | Net weighment of opium of certain chests selected from the whole consignment. |
| | | Gross weighment of every chest, its contents, and destination. |
| ON THE THIRD SIDE. | { | |
| | | |

17. A duplicate of each pass granted will be sent to the officer who issued the permit authorising the export of the opium mentioned in the pass. At Bombay the Customs officer will test the weighments by fresh weighments. Elsewhere this test will be applied by the Deputy Commissioner or Collector; and as there always occurs a certain amount of dryage in transit, the weight of opium should invariably fall short of the weight recorded at Ajmere.

18. Two weekly registers, for the week ending on Saturday, in the form appended to this Schedule, will be prepared and forwarded: one to the Secretary to the Government of India, Department of Finance and Commerce, and the other to the Chief Commissioner of Ajmere; a copy being sent at the same time direct to the Collector of Customs and Opium at Bombay if the export is by sea.

19. A return of all opium exported from Ajmere shall be furnished monthly to the Government of India, Department of Finance and Commerce, and to each Local Government concerned.

20. The pass is only valid till the arrival in Bombay of the consignment covered by it, or for

three months from the date of the issue of the pass.
